CULTURAL ACTIVITIES

Thanksgiving

Don't let the stores fool you (winter holiday decor already?!) - there is an important holiday between Halloween and winter celebrations - Thanksgiving! Celebrate Friendsgiving (Thanksgiving with friends rather than family) with your fellow exchange visitors by hosting a [Thanksgiving food](#) potluck. During the meal, take turns sharing what you're most thankful for!

Chicken Soup for the Soul

Chicken Soup for the Soul is a collection of books with the purpose of telling inspirational and emotional stories of every day people. It has its own holiday on November 12th, and you can read free stories from the books [here](#).

Volunteer

Americans value volunteering during the holiday season to give back to their community. With so much commercialism, it's important to remember what's most important - people! Most cities will have opportunities to serve food at a soup kitchen, run in a Turkey trot, or donate winter clothing.
